## Synopsis

The year is 1900 and orphaned 14-year-old Rosetta and her beloved younger sister Flora sail from England as "home girls." They are sent to Canada so that they can have a chance at family life. Their dreams are shattered when Flora is adopted, but Rosetta is deemed to be too old. She is to become a farm worker, far from Flora's new home. Rosetta's only dream is to find her sister. But slowly and against her will, she is drawn into the lives of the strange couple with whom she has been placed. It is soon clear to her that their home is full of fear and sorrow. As her relationship develops with the farmer's wife, Rosetta learns that true sisterhood can take many forms. The support the two young women offer one another makes each one stronger until they find a way to follow their dreams.

## Customer Reviews

Rosetta and her younger sister, Flora, were sent to Canada from an English orphanage. They dreamed of a loving family, but when this does not happen Rosetta endures cruelty, love, hatred, and happiness to get back what is left of her family. This book makes me appreciate my family, even when I am mad at them. It also shows me that being an orphan does not let you do whatever you want and that others will try to stop you from reaching your goal.

Linda Holeman has done it again with this young adult book. With the story of Rosetta she brings you back in time to an era when children were used and not enjoyed. You feel for Rosetta and urge

her on in the hope of finding her sister who was unceremoniously delivered to a new family leaving Rosetta crying in the street. A book well written and savoured.

This is an absolutely wonderful book. It is historically accurate, interesting and very well written. Reading the trials and hardships Rosetta must go through to find her adopted sister that she loves so much makes you never want to put this book down. I loved this book, for more reasons than one! It's twists in the plot give it definition and color. Go out and get this book, it is definitely worth it!
