# The Wonderful World Of Horses - 2nd Edition - Adult Coloring / Colouring Book: Beautiful Horses To Color - 2nd Edition With Revised And Additional Illustrations

## Synopsis

The Best Coloring Book for Horse Lovers - 41 Beautiful Horses, 44 pictures in total! This 2nd edition has enhanced images from 1st edition and 12 gorgeous new artworks. Gorgeous Horses, beautifully drawn, delicate details, and perfect for hours of coloring fun. These drawings are good enough to frame, the artist spent many hours reworking and improving the 1st edition. This 2nd Edition is truly a treasure made for you to enjoy. 12 new original illustrations! Including 5 new fairy girls and beautiful horses. 21 updated illustrations from 1st edition, we have the same horses but the illustrations have been revised to be even better! 7 unchanged illustrations from 1st edition. 3 close ups of existing illustrations - these are included as they are beautiful in their own right and are just too good to leave out! 1 Magical unicorn from the "Magical Horses Colouring-In" book

## Customer Reviews

I loved this book. The horses were beautifully drawn. As a person who grew up around horse and knows how their features should look, I was very impressed with these drawings. The facial features were spot on. I also loved all the little detail in each of the pictures. This would be a good book for beginners to experienced colorers. I am attaching a sample of one of the pictures that I have completed. My granddaughters have all fallen in love with these pictures and also have enjoyed coloring them. I received a free digital copy in exchange for my honest unbiased review of this book

Artist - Simone Phillips Pages - 98 Book With an eye-catching white cover, complete with a coloured

image from the book, this book is intriguing from the start. At approximately A4 size, 27.9cm x 21.6cm and 98 pages, this book is a good size and thickness for colouring wherever you like to. The spine is glue bound, providing reinforcement against loosening pages, and lays reasonably flat with little effort. The paper is bright white, and lightly textured. Oil- and wax-based coloured pencils lay down nicely, and I was able to achieve a good amount of layers. Waterbased markers will shadow and bleed, and alcohol markers will bleed through. Images are single sided, so as long as you pop a few pieces of paper behind the image you are working on, you won't lose any images no matter the medium you are using.

**Images** When I was a kid, I was horse mad. Spent my days doodling horses, reading about horses and I would even buy those horse auction magazines and plan my farm that was going to be home to hundreds of horses. Now I am an adult, and I am much more reasonable, but I still feel a little twinge of longing when I see a horse! This book is a perfect way to feed my inner horse mad child!

**Simone Phillips** has managed to capture the elegance and beauty of these creatures and render them ready for you to add colour to. Subjects range from horse portraits, to a mother and foal, a unicorn, a horse and it's rider, horses in action and so much more. Most of the images are very lifelike, with shading and detail, with a handful only in black and white lines for you to be creative with. The first 8 pages of the book are dedicated to thumbnails of the images, providing a smaller version for you to test colours on or just have a smaller colouring project. Intricacy varies a little, but remains moderate throughout. The horses do have some patterns on them, but they are not terribly detailed. Line thickness is thin to moderate throughout.

**Health** If you are a fan of horses, or animals in general, this book will be a mood lifter - and the artist has done a brilliant job of drawing these realistically. This book would be suited to those with fluctuating concentration levels, as you can complete a small area of an image, one of the thumbnails or a whole image depending on your mood. For those with vision impairments, this book may not be suitable due to the patterns, but please do check the image before you decide!

Thankyou for reading and I hope you've enjoyed this review,

I'm doing a review in exchange for a digital copy of this wonderful colouring book. I've done two pages and it's pretty much the best colouring I've ever done! The pictures themselves are absolutely beautiful and each are very unique. The details are intricate but not so much that you can't get a pencil in the spaces to colour! Even if you're very new to colouring, the pages look great no matter how you choose to colour them! I highly recommend this book to everyone and anyone!

I would definitely buy this book! I checked out your book on Facebook and I love what I saw. I would

love to have this book to color in. I didn't think I would really like it, but once I started going through the pictures I fell in love with it and started saying in my mind what I would color this horse in and that horse in. To my surprise I really liked what I saw in it. I would definitely recommend this book to anyone. It is adorable!'

Â Very nice coloring . Recommended for all ages. Beautiful detailed images filled with horses, paisleys, flowers, scrolls and more. Large variety of horse images for the animal, horse, and coloring enthusiast\*This book was provided at a discount in order to express my fair and honest review.

i recieved a free copy of this amazing book.Beautiful details amazing talent.I would definitely recommend this for anyone who love to colour

Great a adult coloring book!

Very good lots of variety.
