Customer Reviews

The Directions are horrible. My son and I started building bracelets for my daughter and we get to a certain point where there isn't enough of an explanation to continue. For example: Page 46 (Cool Cuff, Difficulty: Easy Peasy) #5. Take your hook and lift the black band over the second pin. Repeat this on the third, fourth and fifth pins. There is no starting pin or destination pin for the hook. When you follow the directions you undo everything you did in the previous steps and unhook all of the bands. Its big waste of time
