# Iowa Birds: A Folding Pocket Guide To Familiar Species (Pocket Naturalist Guide Series)

Synopsis

The Hawkeye State is the permanent or migratory home of 425 species of birds, including the state bird – the American goldfinch. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Customer Reviews

Very odd selection of birds, some that are quite uncommon while leaving out others that are widespread including the purple finch and downy woodpecker. Some of the illustrations look very little like the birds depicted and without explanatory text it would be easy to misidentify birds. In addition, nearly half of the guide is taken up with waterbirds, several of which are extremely uncommon as well.

Perfect size to take with you on a walk, hike, etc. Love that it is laminated to protect it from the elements.

Have been spending time in Okoboji and this helps me to identify the birds that i see. Great and handy!

For the price I thought there should have been more to it. What was there was good! I wouldn't have bought it if I had seen it first.

Just right for a hike in the woods!

Handy book for a bird brain.

Not much for the price.

Nice guide
