Lockdown: Escape From Furnace 1

Synopsis

Furnace Penitentiary: the world's most secure prison for young offenders, buried a mile beneath the earth's surface. Convicted of a murder he didn't commit, sentenced to life without parole, "new fish" Alex Sawyer knows he has two choices: find a way out, or resign himself to a death behind bars, in the darkness at the bottom of the world. Except in Furnace, death is the least of his worries. Soon Alex discovers that the prison is a place of pure evil, where inhuman creatures in gas masks stalk the corridors at night, where giants in black suits drag screaming inmates into the shadows, where deformed beasts can be heard howling from the blood-drenched tunnels below. And behind everything is the mysterious, all-powerful warden, a man as cruel and dangerous as the devil himself, whose unthinkable acts have consequences that stretch far beyond the walls of the prison. Together with a bunch of inmates—some innocent kids who have been framed, others cold-blooded killers—Alex plans an escape. But as he starts to uncover the truth about Furnace's deeper, darker purpose, Alex's actions grow ever more dangerous, and he must risk everything to expose this nightmare that's hidden from the eyes of the world.

My summary: Alex was like any other boy. Go to school, hang out with his group, and control the

monkey bars. But when he started stealing, his life changed for the worse. Out of nowhere, his best friend is murdered, and he is framed for it. he is sent to the child prison: a Hell hole. Worse than Hell. Furnace. When he's there, he is disgusted with the way people live. Kids do hard labor like chipping rock. Gangs kill kids. and he isn't the only innocent person who was framed. But there's no hope of escape. Nobody can escape furnace. Or at least, that's what they all say. But that's only because nobody ever has...What I felt: Personally, the first time I looked at the cover, I found it just a little disturbing. I thought "eh, I doubt very seriously I'll like that book. But hey--they want to send me a free book? I'll take a free book." So no, I didn't really like the cover. They could have done much better, either artistically or graphically or even with the colors. But that's just me as an artist and a girl :D so I did judge it. boy was that a mistake.The first sentence of this book seemed to grab me by the neck: "If I stopped running, I was dead." From there, the entire book held me and wouldn't let me go, from that first sentence to the very end. In fact, it held me after the end, too. I distinctly remember my blood racing, heart beating, sweating, adrenalin searing through my veins while I read this book! It was breathtaking and riveting to the last word. And even after the last word. I sat there, staring at the blank page, gasping and panting like a dog from lack of oxygen from reading a book. (that doesn't happen very often, people.)Characters: The characters in this book were very relatable. They weren't super people, they were real.
