Customer Reviews

Who knows if I like it, I can't read it... If you plan to rent the book and read on your computer, think again. This book is only available to read in the app, and not the windows app. So much for 'Read on any Device'.

I do not like the fact that I only received one notice and that day you took \$193.13 out my account. I allow my Son-in-law to rent the book and I again money was taken out my account with really not notice but the very day you took the money out and I got an email. Poor agreement. I will never rent anything again. Leona Touns

This textbook is in very good shape. It is clean and there is no ripped pages. Honestly, I thought I bought a new book. That's how great the condition is.

Excellent, would recommend

Better than I expected. Received within 2 weeks.
