# Professional Ethics In Criminal Justice: Being Ethical When No One Is Looking (3rd Edition)

## Synopsis

Every major issue, problem, scandal, and crime in the criminal justice field has ethics at its core. **PROFESSIONAL ETHICS: BEING ETHICAL WHEN NO ONE IS LOOKING, 3/e** presents the three major ethical schools of thought (virtue, formalism, and utilitarianism) in a clear way that emphasizes how ethics impacts individual decision-making. Extensive critical-thinking exercises, Ethics in the Movies features and Ethics in Books features use popular events and media to raise ethical questions and help students develop ethical reasoning skills. Separate chapters are devoted to law, police, courts, corrections, and liability so students see the direct connection between ethics and specific aspects of the criminal justice system.

## Customer Reviews

This book has a lot of interesting information, and goes great with the class! The interactive parts of this book really make you think! Came in wonderful condition!

This book is very informative but tends to be dry. Thankfully the chapters are short and to the point where extra information is not always needed.

Well formatted book and an easy read. Author does not seem biased as with many texts. Not many pictures for those of us that enjoy that! LOL

The book was shipped in a timely manner, and also in great condition. While I am a student and

reading many of these textbooks throughout the weeks, some are so boring, but this book was a very good read. It not only kept my attention, but left me wanting to read more.

While this is a good book and the print makes it a small book which helps to lighten your load it also makes it hard on your eyes. I wish there was a good way to make a book light, durable, and still readable.

The book is in very good condition and perfect for my class.

Very well-written and helpful text. Highly recommend.

Just the textbook that I needed for my course!
