Health Policy And Politics: A Nurse's Guide (Milstead, Health Policy And Politics)

Synopsis

Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. *Health Policy and Politics: A Nurse's Guide*, Fifth Edition encompasses the entire health policy process from agenda setting through policy and program evaluation and is an essential text for both graduate and undergraduate students. The Fifth Edition includes expanded information on the breadth of policy making and includes the impact of social media, economics, finance and other timely topics. The authors draw from their experience and provide concrete examples of real-life situations that help students understand the link between policy theory and political action. New to the Fifth Edition: Updated case studies involve the reader in making the connection between theory and active participation in policy making New chapter on inter-professional practice, education, and research Reference to the Affordable Care Act and other laws that affect the health care of consumers and the organization of health care system Expanded content on economics and finance New content and focus on the impact of social media on health care consumers and systems Key Pedagogical Features Key terms are identified at the beginning of each chapter. Each term is defined and found in bold font when used throughout the text. Headings organize the logical flow of material and direct the reader. Headings are found throughout each chapter and make specific topics easy-to-find. Discussion points/Activities are included at the end of each chapter. The reader is guided to consider or discuss with others important content or topics so as to deepen understanding of the material and discover where and how to increase involvement. Case studies present the reader with real-world examples of concepts and require responses

Customer Reviews

Very good book for nurses. Love because, I'm a union member and it helps with understanding laws, policies and politics of nursing.

Bought it for school. It was interesting in parts and had practical information in it as to how our government works.

Bought for class. Good overall information, but like most textbooks a bit behind the curve for timeliness.

rented for class - book is more interesting than most text on policy that I've read for nursing school.

Book was suppose to be a NEW hardback book. Corners were bent and didn't appear to be new.

How did this become a textbook for formulating public policy? Very slanted

Purchased for a class. Not really light reading for any other reason.

Hard to follow at times and keep interest on the subject at hand
