Story Of Edgar Cayce: There Is A River

Synopsis

This book -- which contains many photos of Edgar Cayce, his family, and close friends -- is the complete, original biography of the best-documented psychic in America. It tells the story of how he discovered his astounding psychic gifts and what led him to a life dedicated to helping others. Cayce's "readings," given in a trancelike state, ranged from phenomenal medical cures to advice on spiritual growth, psychology, and prophecy of world events. A philosophy section covers our origin, purpose, and destinies on the earth, making this book a valuable resource.

Book Information

Paperback: 382 pages

Publisher: A.R.E. Press; Revised edition (January 1, 1997)

Language: English

ISBN-10: 0876043759

ISBN-13: 978-0876043752

Product Dimensions: 1 x 4.2 x 7 inches

Shipping Weight: 12 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (198 customer reviews)

Customer Reviews

Much of this book is ordinary - documenting in chronological order both the mundane and fascinating events in the life of a most enigmatic man. If you're considering reading this book it's probably because you've already read something else about Edgar Cayce or a part of the body of philosophy that has grown out of his "readings". This book will provide the story of his life: How he came upon his "gift", how he struggled with it, how he used it, and ultimately how he never quite understood it and was never able to establish anything lasting from it. Not very much attention is given to the huge body of metaphysical thought that came from his readings, however there is a 15-page summary of the resulting "theology" at the end of the book that outlines the implications of it all. Where the book fails is that it never really wrestles with whether or not the resulting theology is "true". It demonstrates how EC throughout his life questioned whether the gift might be co-opted and used for an evil purpose, but other than saying "people are being helped so it must be good"

the author didn't ask the tough questions and apparently neither did the Cayce family. And, although affirming Jesus Christ and Christianity there is very little effort put into reconciling the Cayce philosophy with the New Testament. They iron out a few wrinkles but ignore obvious objections. The philosophy could almost boil down to "Hinduism is mostly right and Jesus showed us the right way to live". Nevertheless, the Cayce take on Christianity avoids some of the obvious pitfalls of the fundamental Christian take on the Bible. If this review sounds confusing it's because, as this book unintentionally makes clear, Edgar Cayce's life and legacy are confusing. He had an odd gift that no one quite figured out.
