The Christy Miller Collection, Vol. 1 (Summer Promise / A Whisper And A Wish / Yours Forever)

Synopsis

Bestselling author Robin Jones Gunn packs all 4 Volumes of the Christy Miller Series with enough romance, drama and heartwarming moments to keep you reading the entire series and wanting more. It all starts the summer Christy turns 15. She leaves Wisconsin and spends her vacation with her wealthy aunt and uncle in Newport Beach, California. That's where she meets Todd, the surfer with the screaming silver blue eyes who changes her life forever. Find out what happens when Christy's parents make an announcement that puts Christy in a new high school at the start of her sophomore year. A red-headed new best friend, a try at cheerleading, a job at a pet store, and expectations for the prom fill Christy's high school years with a string of laughter-and-tears moments. Fireball Katie keeps everyone guessing what she'll do next. Todd keeps showing up and saying just the right thing while popular Rick is determined to convince Christy she should go out with him. As these memorable years unfold, Christy and her "peculiar treasure" friends draw close to each other in the good times and the bad. Love grows and hearts are knit together for eternity.

Age Range: 12 and up

Grade Level: 7 and up

Customer Reviews

The promise shared is one of holding on to your dreams, and holding out for God's best. My sister Mandy and I read this book when she was a freshman in high school, and I, a twenty-three year old,

stay-at-home mom of a little girl named Lindsey. When Mandy and I shared these special moments in the life of this fictional girl known as Christy Miller, we laughed, and we cried. We learned together what it was like to relate to the joys and trials of a young woman going through the kind of change that one goes through when getting to know God in a personal way. The memories for my sister and I will be long remembered. This past Christmas Mandy handed down her "Christy Miller" collection to Lindsey. Again, the promise will be shared, even as I read the books with my twelve year old daughter. Lindsey is already introducing her younger sister, Lauren, age four, to all her "friends" from the Christy Miller series! The sharing of another promise to "read the books together" has been made. The writings of Robin Jones-Gunn are a true legacy. Her love for the Lord and her desire to share that love and the joy of knowing Him are ever present in her works. I can not thank the Lord enough for her giftedness as an author. The quality and moral integrity with which she addresses her audiences is a true joy to myself, as an avid reader, and also as the mother of a young girl in search of an adventurous and realistic read.

Christy Miller Volume 1 is a collection of the first three books in the Christy Miller series. I confess, I'm a little late to join the Christy fan club, but better late than never! I haven't reviewed a three-book volume before, so bear with me. (Warning, spoilers!) What I liked about Summer Promise, the first book: Christy is a great protagonist. She's real with her struggles and teenage dreams. Miss Gunn was able to teach without sounding preachy. I loved Todd and all his whacky analogies to Christian faith. I thought it was kind of funny reading about some of the outdated technology. The thing I liked the most about this book is Christy's promise to her parents to not do anything she might regret later on. It seems to be a theme for the book and I really like that. It saves Christy from some trouble. Christy Miller Collection, Vol. 1 (Christy Miller, #1-3) What I liked about A Whisper and a Wish: Out of the three, this was not my favorite. Maybe it was the lack of seeing the awesome characters at Newport Beach because the Miller family moved to Escondido. I felt Christy was drowning in some sort of emotional whirlpool and that didn't do much for me. One thing I did like was a verse Miss Gunn presented in Christy's Sunday school class, "Do not be misled: 'Bad company corrupts good character'." (1 Corinthians 15:33) It got me thinking about my life. Miss Gunn went on to make some great points using this verse. It was a highlight for me. :-)

What I liked about Yours Forever: We're back in Newport Beach! I was so happy to read about the crew from Summer Promise again. Man, this one is full of drama. Haha! Sadly for Christy, this quick Christmas break with her Aunt and Uncle doesn't quite go as planned. She is so eager to spend time with Todd and her other friends that she lets her Aunt's plans slip twice. Problems seem to pop up everywhere

for Christy with no visible reason as to why. Thankfully, Miss Gunn wraps the last book with a bow. Here are a few minor things I didn't like overall: Though this book was written a while ago, Christy's innocence made her seem more like a twelve year old than a fourteen or fifteen year old sometimes. I also did not like the so called Christians that Christy befriends in Escondido. Whew! That was long. To quickly conclude, I will note for you that Miss Gunn's writing is fantastic. It was so easy to read, I loved it. I'll be passing this book to my twelve year old sister. :-)

I received this book from WaterBrook Multnomah Publishing Group in return for an honest review of my opinions, which I have done.

I loved these books as a young teen, so I decided to read them again when I was feeling nostalgic. As an adult, I still enjoyed the series. The stories are engaging and wholesome but there were a few messages that I found troubling. Primarily, I did not like the "cultural Christian" aspect of the books; many of the main characters' beliefs are not necessarily Biblical, rather, they reflect cultural values often found in the American Christian church. Most of these beliefs aren't a big deal, but a few are problematic in that they misrepresent the gospel. Other issues that I had with the content: Christy is completely and utterly boy-crazy with few interests of her own (extracurriculars, ambitions, dreams) beyond a few short-lived stints. Because of this, her character falls just a wee bit flat, and also sends a pretty strong message to young girls reading the series. I would like to have seen Christy mature as a character in her boy-craziness, but even later on in the series she still struggles with obsessing over her crushes/ boyfriends. Additionally, Christy becomes a Christian in the books as a young teen, but almost immediately adopts all of the values/ morals of the Christian faith (i.e. easily begins doing devotions, disdains dating non Christians/ smoking/ swearing/ etc.) with little evidence of a real struggle over her values. It is simply an unrealistic depiction of growth as a young Christian and embodies a little bit of a judgmental attitude. Honestly, there are a lot of instances throughout the series when Christy reads like my mother as opposed to a young girl trying to find her way and experiencing growing pains. I wish that she had encountered more doubts and questions in her faith. Granted, I would absolutely recommend these books for any teen girl. I've even bought them as gifts. Overall, they are worth a read and capture so much of the magic of coming of age. However, some of the content is worth at least discussing and does not necessarily reflect Biblical truths.
