The Weekend Gold Miner

Synopsis

This best-selling, compact and engagingly written book has sent gold hobbyists out to try their hands and finding gold for over 30 years. Affordably priced, this book explains in plain language the basic information you need before looking for gold: Where to look for gold, what to look for, how to get it out, how to test for gold, and what to do if you strike it rich. Dr. Ryan also covers topics such as the specific skills needed for mining in the desert, metal detecting, and how to build some of your own equipment. The final chapter contains a fun discussion of ghost towns and lost mines.

Customer Reviews

I own all three of Andrew H. Ryan Weekend books. He is a good writer with the ability to bring you right in with his quick read books. Good book for a beginner that wants to get away and find a little gold. I suggest picking up a pan and giving it a try. [Estwing Gold Pan 12 Inch Diameter](#)

Well i do like this book, but i should have noticed that there is only 79 pages. So not that big a book, but it is informative with a few helpful photo's. Anyhow for the price that i paid for it, i'm satisfied.

To be honest with you I found this book to be not as helpful as other books that I have purchased. It is very simple and the maps shown in the book seem to basic and not very informative. Thank you

It was interesting to read, but I thought it would be thicker. Still contained alot of good information

and insight.

Good Book by Andrew H. Ryan on Prospecting!!!

Very interesting book.

ok
