Customer Reviews

Writing soap notes is exactly what I needed. It not only shows you how to write soap notes but also has exercises for you to complete. The correct answers are included in the back of the book. I would recommend this to any health care professional needing to learn or improve their soap note writing ability.

Wasn't helpful for primary care.I. This is mainly for physical therapist. It did give some insight on musculoskeletal injury interventions so I gave it 2/5.

It was a great book and it was very informative.

Helped me A LOT in the clinic

Received as advertised.
